3. ICUH Future plans

3.1 Video Lecture development

ICUH is committed to provide programs including foundational courses that provide a global perspective on public health. For ICUH program improvement, we plan to develop high quality individual courses with video lectures online. The table 3 contains course lists that we have developed and lecture development plans in the future. The course contents will be redesigned with enriched materials.

<Table 3. Video Lecture Development>

Developed Lecture	Research in Method, Community Health (on-going)
Lecture Development Plan	Community Health, GHSA (Global Health Security Agenda)

3.2 New Cooperative

GHSA (Global Health Security Agenda) master degree for international students (Funded by KOICA, Korea International Cooperation Agency) will be open at Yonsei University in August 2017. The course aims to provide relevant qualifications to meet national and international needs for a skilled public health professionals. Yonsei and ICUH will cooperate to provide the courses online.

3.3 ICUH Webpage

For better network and program improvement, ICUH webpage has been developed and is now open. It is to become more easily to access. Visit ICUH at: icuh.aibhl.org
